

Windsor Plywood's
SHELL BUSEY TIP

IS IT OIL?
or
IS IT LATEX?

**HOW CAN YOU TELL IF THE SURFACE YOU
WANT TO PAINT OR STAIN HAS AN OIL
BASED PAINT OR A LATEX STAIN ON IT?**

TIP...

Wet your finger and press with pressure on the surface.
Leave for about a minute. Then, with pressure still
applied, try to move your finger. If it slides easily - it's oil
based, if it doesn't - it's latex. It's just that easy!
