

Double drilled lock block for easy lockset and deadbolt installations. (Primed door with almond glass frame, ready to finish).  
\*see finishing sheet for details

Square-edge design gives the appearance of a solid wood door, and permits easy field trimming.

High quality sweep seals out the elements. No more drafts or leaks.

Textured woodgrain fiberglass surface for easy staining.

All fiberglass doors are available factory finished in 4 stained or 8 painted colours. Fiberglass doors may also be ordered unfinished to allow custom finishing on site.

For best results, Masonite recommends finishing be performed by a trained professional.

\* See back panel for sample colours

## FEATURES

- **Lifetime** limited warranty against warping, cracking and delamination
- Textured oak woodgrain finish
- 25% deeper woodgrain embossing than competitive doors for a richer, more authentic woodgrain finish
- 1-3/4" wood stiles and rails for full thermal break
- Five times the insulating value of wood doors
- Dent Resistant - no more small dings or dents, common on other doors
